Pell Grants

COD News

2005-2006 Federal Pell Grant Payment And Disbursement Schedules (01/07/05)

On December 8, 2004, the President signed the Consolidated Appropriations Act, 2005 (P.L. 108-447) that establishes the maximum Federal Pell Grant award for the 2005-2006 award year at \$4,050 and, with the minimum award continuing to be \$400, sets the maximum Expected Family Contribution (EFC) that a student may have to be eligible to receive a Federal Pell Grant at 3850. We used these amounts (and related statutory provisions) to develop the 2005-2006 Federal Pell Grant Payment and Disbursement Schedules.

On January 4, 2005, the Department posted a Dear Colleague Letter (P-005-01) on the IFAP web site at <http://www.ifap.ed.gov/dpcletters/P0501.html>. The attachments to this letter contain the 2005-2006 Award Year Federal Pell Grant Program Payment and Disbursement Schedules - Regular and Alternate. The letter describes when an institution must determine a student's Pell Grant award using the Alternate Schedules and when it can use the Regular Schedules.

EDEExpress For Windows 2005-2006, Release 1.0 Available For Download (01/05/05)

The Department has announced the posting of EDEExpress for Windows 2005-2006, Release 1.0, on the Department's Federal Student Aid Download (FSA download) web site at <http://www.fsadownload.ed.gov/index.htm>. This release contains **Global, Application Processing, and Packaging** functionality for the 2005-2006 cycle. The complete announcement regarding Release 1.0 is available on the IFAP web site at <http://ifap.ed.gov/eannouncements/0104EDEExpress0506Release1.html>.

Updated COD Frequently Asked Questions (FAQs) Available (12/28/04)

COD has updated the FAQs on the COD web site, www.cod.ed.gov. The FAQs are available on the COD web site by clicking the "Today's Update" link at the bottom of the page. The Updated FAQs are also available on the IFAP web site at <http://ifap.ed.gov/eannouncements/0512FAQCOD.html/>. If you have any questions about the document, or would like to see anything added, please contact the COD School Relations Center at CODSupport@acs-inc.com with the subject line of "FAQ".

Pell Grant Year-To-Date Record Back In Production [12/01/04 (Updated 12/13/04)]

Pell Grant Year-to-Date (YTD) records (PGYRxxOP) are being generated and sent to schools' SAIG mailboxes. As of December 10, 2004, COD has fulfilled all YTD requests received since October 2, 2004. This is earlier than the previously reported completion date of December 13th. Schools that have not received a previously requested YTD may now resubmit their requests.

COD Processing Update For Pell Grants

The YTD record can be used to assist a school with its year-end and ongoing reconciliation processes. Until resolution of current COD System issues affecting the YTD record, we caution a school not to use the Pell Grant YTD record for rebuilding a complete student record or Pell database. The current COD System issues are as follows:

- System-generated negative disbursements (CRNDxxOP) created by the COD System prior to June 24, 2004 are ***currently reflected in the YTD and on the COD web site with incorrect disbursement dates***. We are currently performing a cleanup to correct these records in our database.
- In some cases, when we process more than one disbursement transaction for the same disbursement number on the same day, the individual transactions are ***currently not reflected in the YTD record and on the COD web site***. Instead, one combined disbursement transaction is reflected with the correct disbursement amount, the correct disbursement date, and the highest disbursement sequence number. We are currently researching a code fix and cleanup plan for this issue.

Note: For a disbursement with this issue, if a school encounters difficulty processing further disbursement activity through its software, the activity can be performed on the COD web site.

- In some instances, the Previous Disbursement Sequence Number on the ***COD web site's Disbursement History screen differs from the Previous Disbursement Sequence Number reflected in the YTD record***. The Previous Disbursement Sequence Number reflected in the YTD record is correct. We are currently performing a cleanup to correct the erroneous Previous Disbursement Sequence Numbers on the COD web site.

Schools should also refer to the Electronic Announcement that was posted on the IFAP web site, <http://www.ifap.ed.gov/eannouncements/1130PellGrantYTDRecord.html>, for additional information on the Pell Grant YTD record. Note: The status of the YTD record will continue to be covered in the Reports and Data Requests section of this document until the COD System issues affecting the YTD record are resolved.

All Schools Must Be COD Full Participants Beginning With 2005-2006 Award Year [08/02/04 (Updated 10/25/04)]

As a reminder, *all* schools must be Full Participants beginning with the 2005-2006 Award Year. This means that *all* schools must be able to submit 2005-2006 Pell and/or Direct Loan origination and disbursement data to the COD System using the COD Common Record in XML format.

If your school currently is a Phase-In Participant (for one or all of the programs in which it participates) and has not yet submitted the required Full Participant information specified in the announcement posted on the IFAP web site at <http://www.ifap.ed.gov/eannouncements/0806CODFullParticReq0506.html>, please submit it to the COD School Relations Center as soon as possible. Doing so will assist us in preparing the COD System to accept and process your school's 2005-2006 Pell Grant and/or Direct Loan data.

COD Processing Update For Pell Grants

Reports and Data Requests

ISSUES

Except as listed below, all Pell Grant reports and data requests are available as specified in Volume VIII, Section 8 of the 2004-2005 COD Technical Reference posted on the IFAP web site at www.IFAP.ed.gov/. There are issues with the following Pell Grant reports and/or data requests:

- Pell Year-to-Date (YTD) Records— For all award years, are being sent to schools' SAIG mailboxes (Message Class PGYRxxOP). In addition, as of December 10, 2004 all YTD requests held since October 2, 2004 are fulfilled. Schools that have not received a previously requested YTD may now resubmit their requests. The YTD record can be used to assist a school with its year-end and ongoing reconciliation processes. Until resolution of current COD System issues affecting the YTD record, we caution a school not to use the current YTD record for rebuilding a complete student record or Pell database. See the "Pell Grant Year-To Date Record Back In Production" item in the COD News section of this document for an explanation of these issues. [10/05/04 (Updated 12/13/04)]

Resolved Issues In Clean Up

COD has implemented code fixes for the issues listed below and is cleaning up the affected records. After a clean up has been completed, its status will be updated and it will remain in this section for an additional 7 calendar days.

<u>Issue</u>	<u>In Progress</u>	<u>Completed</u>
Disbursements Not Displaying On COD Web Site	√	

Current Issues

Zeros Incorrectly Displaying On The Record Errors Screen (01/04/05)

COD has learned that, in some instances, the "Field Value" on the COD web site's Record Errors screen is displaying additional zeros before the actual field value. This display issue seems to be occurring when changes to awards are rejected for COD Edit 039 or 042.

COD is researching this issue and will provide updates as more information becomes available.

COD Processing Update For Pell Grants

Duplicate Disbursement Information In COD [05/06/04 (Updated 10/13/04)]

COD has learned that duplicate disbursement numbers are displaying incorrectly on the COD web site's Award Disbursements Information screen. On this screen under the Disbursement Number column, disbursement numbers are appearing twice. However, when viewing the Disbursement Information screen, each disbursement displays a different status (Pending or Disbursed).

COD continues to research the code fix for this issue and will provide updates as more information becomes available.

Student Name And Date Of Birth Not Updated In COD [05/03/04 (Updated 09/17/04)]

As previously reported, COD identified an issue where new 2003-2004 and 2004-2005 origination records are accepted in COD; however, the student's Name and Date of Birth (DOB) updates submitted by the school are not displaying on the COD web site's Person Information screen. The COD web site is reflecting the Name and DOB from the previous award year. Additionally, in some cases, changes to Name and DOB for previously accepted origination records are not displaying on the Person Information screen as well.

COD is still analyzing this issue and appreciates your patience. Updates will be provided as more information becomes available.

Some Null Tags Submitted Via Batch Not Updated In COD [08/31/04 (Updated 09/16/04)]

As previously reported, a null tag containing a *nil="true"* attribute can be submitted for some data elements in a Common Record document to remove or delete content currently on file in the COD database. Recently, COD determined that some null tags are being accepted by the COD System, but are not appropriately updating the COD database. This means that if a school submits a null tag for some data elements, the COD System is ignoring it and the content on the COD database for that data element is not being removed.

On September 7, 2004 COD implemented a code fix to allow a null tag submitted for the Low Tuition and Fees Code data element to update the COD database correctly. Additionally, a null tag submitted for the Verification Status Code data element continues to update the COD database correctly. COD continues research to ensure that all applicable data elements reported with a null tag will update the COD database correctly. Note that not all data elements can be submitted with null tags; refer to the COD Technical Reference, Volume II, Section 3 for the applicable data elements.

In the meantime, schools needing to remove or delete content in COD for a specific data element may do so via the COD web site.

Rejected Records Not Viewable On The COD Web Site [07/30/04 (Updated 08/26/04)]

Some schools are receiving an error message when attempting to view rejected records on the COD web site's Batch Detail Information screen. Clicking on the Rejected link in the Award No. column causes the following error message to display: "An unexpected error has occurred. Please contact your administrator if the problem persists."

COD Processing Update For Pell Grants

On August 10, 2004, COD partially corrected this problem by migrating a code fix to correct the affected Phase-In records. Next, the code fix will be migrated to correct the affected Common Records. COD will provide more information about the code fix for Common Records as soon as it becomes available.
